

## Pure True Love

Pure True Love...He gave us  
Pure True Love...He taught us  
Pure True Love...He left us...On This Day

He touched the hearts of many  
He made us laugh and any-  
Time we needed love...He would be there

He opened hearts once locked tight  
He forgave when others might  
Harbor a grudge...He chose to care

He made our lives much sweeter  
He gave us love when we were  
Not so loving back...He'd Love to spare

He'd put his paw out to touch us  
A simple act...no fuss  
Change our mood in a moment...Because he cared

Now it's time to say goodbye  
Send him off to the Big Guy  
Let the Angels take him home...it's only fair

That we love him as he loved us  
Let him go & in our hearts trust  
When we need to feel his love...He'll be right here

Pure True Love...He gave us  
Pure True Love...He taught us  
Pure True Love...He left us...On This Day
